PROFESSIONAL SUMMARY

I have 6+ years of experience managing Amazon Seller Central accounts, optimizing product listings, managing PPC campaigns, and supporting multi-marketplace operations. Experienced in helping brands improve advertising efficiency, organic visibility, listing quality, and sales performance across Amazon, Walmart, eBay, Shopify, and Etsy.

I'm excited to share my skilled in Amazon PPC campaign management, keyword research, listing SEO, A+ Content, catalog management, inventory coordination, account health, and product launches. Experienced in working with e-commerce agencies, international clients, and brands across Beauty, Health & Wellness, Home & Kitchen, and Consumer Products.

EXPERIENCE

Independent Client Projects | Remote

Manage Amazon Seller Central accounts for international e-commerce brands, focusing on advertising performance, listing quality, catalog accuracy, and ongoing account operations.

- Develop and optimize PPC campaigns through keyword research, bid adjustments, search-term analysis, negative targeting, and budget management.
- Optimize product titles, bullet points, descriptions, backend search terms, and keyword placement to support discoverability and conversion.
- Support A+ Content, Brand Story, Amazon Storefront, and catalog improvement projects.
- Monitor spend, sales, ACOS, ROAS, orders, and organic performance to identify optimization and growth opportunities.
- Manage variations, flat files, suppressed listings, inventory issues, and Seller Central account health cases.
- Support product listing and marketplace operations across Walmart, eBay, Shopify, and Etsy.
- Prepare performance reports and communicate optimization plans, account issues, and results to clients.
